Circular No. STUC/9/59

August 11, 1959

TO ALL STUCs.

AITUC WORKING COMMITTEE DECISION ON ORGANISATION

the Having discussed the organisational report submitted to it by the Secretariat of the AITUC, Working Committee took note of the wide gap between its influence and the organised strength of the AITUC and the role of *our State Committees/ in this respect*. The working committee felt that *State Committees should not only catch up with the growing responsibilities* in relation to the affiliated unions but also in relation to the working class of the state as a whole. The question of verification which is directly linked up with the recognition and the status of the AITUC and its unions has assumed a political significance in the working class struggle against the capitalists and their system. The administrative mancuvers and the threatened changes in the rules and the laws in order to isolate and suppress the conscious working class as reflected in the strength of the AITUC have all to be met by the AITUC, its state committees and the unions. All this underlines the need to strengthen the organisation at all levels.

The Working Committee decided that the following minimum organisational steps have to be taken by the State Committees:-

1. Every State Committee should set apart cadre whose primary responsibility is to look to the work at the State TU Centre.
2. Every State Committee should promptly report to the AITUC office on all tripartite committee meetings, conferences, council and working committee meetings.
3. Sale should be organised of TUR among all English knowing TU activists and middle class employees.
4. Special attention should be paid to membership drive of unions for 1959-60 to sending of annual returns to Registrar of Trade Unions and affiliation dues to AITUC and STUC.

APPENDIX 'A'

Copy of letter from the Labour Ministry on the
MEETING REGARDING INTER-UNION RELATIONS (NAINITAL), MAY 1958
dated June 9, 1958.

Dear Sir,

I am directed to refer to the meeting of the representatives of the four Central Labour Organisations held on the 21st May, 1958 at Nainital for evolving certain agreed principles to govern inter-union relations and to send herewith a Code of Conduct which was unanimously adopted at the meeting. This code may be circulated as widely as possible amongst your member organisations and the need for adhering to its provisions may be impressed upon them.

Your suggestions if any, for developing and amplifying the Code may kindly be furnished to this Ministry in due course.

Yours faithfully,
sd.
for Joint Secretary

INTER-UNION CODE OF CONDUCT

We, the representatives of four Central Labour Organisations, namely, AITUC, INTUC, HMS and UTUC, agree to observe the following basic principles for maintaining harmonious inter-union relations:

- 1) Every employee in an industry or unit shall have the freedom and right to join a union of his choice. No coercion shall be exercised in this matter.
- 2) There shall be no dual membership of unions. (In the case of representative Unions, this principle needs further examination.)
- 3) There shall be unreserved acceptance of, and respect for, democratic functioning of trade unions.
- 4) There shall be regular and democratic elections of executive bodies and office-bearers of trade unions.
- 5) Ignorance and/or backwardness of workers shall not be exploited by any organisation. No organisation shall make excessive or extravagant demands.
- 6) Casteism, communalism and provincialism shall be eschewed by all unions.
- 7) There shall be no violence, coercion, intimidation, or personal vilification in inter-union dealings.
- 8) All Central Labour Organisations shall combat the formation or continuance of Company Unions.

2. It was generally felt that machinery consisting of representatives of the four Central Labour Organisations, with an independent Chairman, might be set up for implementing the Code of Conduct. For the time being, Shri Nanda, the Union Labour Minister, might invite the parties, from time to time, for further developing and amplifying the Code.

Dear Comrade Dange,

Many thanks for your invitation. You know why I can not attend the AITUC's General Council meetings!

I need scarcely repeat that the AITUC should continue to work for the organisational unity of the working class and constantly urge upon it to promote its own members to positions of responsibility and leadership.

Yours sincerely,

ALL - INDIA TRADE UNION CONGRESS

4 Ashok Road, New Delhi

July 5, 1958

CIRCULAR No. PTUC/3/58

To All State Committees

Dear Comrades,

Your attention is invited to the following circulars issued from this office:

1. Re. Non-implementation of Awards - ref. TUR dated 20th Jan. 1958, p.24
2. Re. Uneconomic units - ref. TUR dated 20.4.58, p.3
3. Re. Works Committees functioning in Private Sector - ref. TUR dated 20.5.58, p.7
4. Re. Subsidised Industrial Housing Scheme - ref. TUR dated 20.5.58, p.7

The Working Committee which met recently at Darjeeling has enumerated certain organisational tasks of availing of these inquiries being conducted by Government and also the machinery for 'evaluation and implementation of awards, etc.' set up by the Government, in our day-to-day TU tasks. However, response from the Unions and State Committees on these important matters is far from satisfactory.

Similarly, the Code of Discipline and the 'Inter-Union Code of Conduct' finalised at the 16th Indian Labour Conference, could be of great help in the day-to-day TU functioning.

If we properly and promptly utilise these inquiries and 'cells' for implementation of awards, etc., some of our day-to-day issues in the TU movement are likely to be solved. Even when these are not solved, reporting on cases to these 'cells' strengthen our cases of just demands in the eventual struggle.

You are therefore requested to draw particular attention of the Unions and TU cadre in your region to the above circulars and tasks and the necessity and utility of sending reports on the above.

With greetings,

Yours fraternally,

K.G. Sriwastava
(K.G. Sriwastava)
Secretary

CIRCULAR No. PTUC/4/58

To All State Committees

Attention of State Committees and Working Committee members are invited to para 8 of our Circular dated June 10, 1958 on "Democratic Functioning" of trade unions, in the context of the Inter-Union Code of Conduct, on which memoranda were to be sent to the Central Office.

However, no STUC or

However no STUC or others have sent their comments on this question, of developing and amplifying the 'Inter-Union Code of Conduct', especially on the democratic functioning of trade unions.

You are therefore requested to send us your views on the above immediately.

Yours fraternally,

K.G. Sriwastava

CIRCULAR No. PTUC/5/58

Re. Employment of Women Workers

Dear Comrades,

Government figures show that the proportion of women workers in employment in the following industries in general, has gone down:

TEA FACTORIES, COTTON MILLS, SILK MILLS, PLASTIC MATERIAL INDUSTRIES, MANUFACTURE OF EDIBLE OILS, JUTE MILLS

In some other industries like woollen mills, lac, flour mills, cashewnut, salt refineries, matches, edible oil, canning and preservation of fruits and vegetables, etc., this proportion has gone up since 1947.

Labour Bureau of the Ministry of Labour & Employment, Government of India, in their study of the problem, want us to give information on the enclosed proformas, separately for increase and decrease and for each undertaking. It will not be possible to fill in this form for each industry of all the places. But from each station, if the most important undertaking is taken and information given, it will serve the purpose.

You are aware that in the last session of Parliament, we had moved a non-official resolution re. decrease in the employment of women workers and this was discussed on May 9, 1958. This study besides giving report to the Labour Bureau would also help us to fight against stoppage of the practice of retrenching women workers and for increased employment of women workers, along with giving them facilities of providing creches, maternity benefits, equal pay for equal work and efforts to train them to handle machines in rationalised units.

This report should reach us in duplicate latest by 31st July 1958.

Yours fraternally,

K.G. Sriwastava
(K.G. Sriwastava) *57/58*
Secretary
